The application is supported by all modern browsers. We highly recommend that you use a current version of [Google Chrome](#), which supports Windows, Mac, and Linux platforms.

Step 1: Make sure you are eligible

Before you begin an application, check you meet the eligibility requirements.

To be eligible, you must:

- have achieved 480 points, which must include a completed undergraduate degree.
- not yet hold a doctoral degree;
- plan to undertake full-time postgraduate study or research at a US institution for a period of at least six months; and
- meet the citizenship requirements for this award.

Fulbright New Zealand will also accept applications from candidates who were granted direct entry into the second year of a degree programme, therefore completing a 480-point degree with 360 points. In exceptional circumstances, Fulbright New Zealand may consider the application of a student with a 360-point degree provided they have both the strong support of their tertiary institution (from a Dean or member of senior management) and a conditional offer from a US institution.

Preference for Fulbright graduate awards is given to candidates who have not previously received a Fulbright graduate award, or had extensive recent experience in the US (ie. have not studied, taught, researched or worked in the US for a period aggregating more than 9 months/1 academic year during the past 5 years).

Candidates may not pursue study or research activities that involve direct clinical patient contact. This can extend to the fields of Medical Sciences, Veterinary Medicine, Nursing, Dentistry, Psychological Counselling or any other field that requires direct clinical patient contact and/or prescribing or administering medication. Candidates with medical degrees may receive awards for advanced academic study, but not for internships or residencies. Awards shall not authorise activity for which a license to practice medicine or nursing is required.

Step 2: Record username and password in a safe place

Your email address is your username. When you create an account for this online application, record your password in a secure place. You can log in and out of the application as frequently as you like using your username and password. If necessary, you can reset your password by clicking the “Forgot Your Password” link on the log-in page.

Step 3: Complete the application

You do not need to complete this application at one time. You can re-enter at any time to edit your application. However, once you SUBMIT your application, you CANNOT make changes to it.

To complete your application correctly, please answer all questions completely and carefully.

Review these additional tips:

- Use upper and lower-case letters (e.g. John Smith). Avoid using all capital letters (e.g. JOHN SMITH). Do not use special characters, such as accent marks.
- You can copy and paste information into all text boxes.
- Limit your responses to the space provided in all text boxes.
- Prepare required documents and save them in PDF format. It is highly recommended that to preserve any formatting and special characters in your documents, you upload them in PDF format.
- Some questions are “required.” They are marked with an asterisk (*). You will not be able to submit your application until all required items are complete.
